CHAD BROWNLEE

Canadian country singer/songwriter, **Chad Brownlee** is set to release his anticipated third studio album, **THE FIGHTERS** on June 3 via **MDM Recordings Inc./ Universal Music Canada**, the country's leading music company. The new album features the single, "**Fallin' Over You**" which is currently climbing the Canadian country radio charts.

"I enjoyed making this album immensely; it's my painting, my journal, and the collection of lyric and melody that encapsulates the artist I am at that particular time in my life, rooted in my own authenticity," said Brownlee. "This new album has a dynamic that touches on love, despair, inspiration, sexiness and of course a little bit of fun. I hope everyone enjoys this album as much as I did making it."

Brownlee co-wrote seven of the 11 tracks on **THE FIGHTERS** with friends **Deric Ruttan, Phil Barton, Brian White, Ben Glover, Terry Sawchuck, Kelly Archer, Erik Dylan, Ashley Gorley, Fred Wilhelm** and long-time music partner **Mitch Merrett**, who also produced the record.

"You never know what moment leads to an idea that ends up being a song on the record," continued Brownlee. "Whether it's an unforgettable moment or a simple smile from a stranger, every piece of every day holds inspiration within it. I am just thankful to be able to express these moments through my music in hopes that I pass on this inspiration to others."

[ONE MORE GIRL](#)

Britt & Carly McKillip, and co-producer **Darren Savard** are putting the finishing touches on the upcoming One More Girl sophomore release **The Hard Way**, due out on Open Road Recordings next month. The album's second single - **Drunk Heart** - was released to country radio mid-April, and is now officially the most popular-selling OMG track on iTunes! The **Drunk Heart** video hits CMT on May 2nd, and an upcoming radio tour is currently being planned.

[ALANNA AND BRIANNE](#)

Sixteen year old White Rock twins **Alanna and Brianne** were back in LA in early April, at **Michael Woodrum Studios** in Burbank, recording scratch vocals on four new tunes for their very first EP. The songs were written by, among others, **Andrew Dorff** (Hunter Hayes, Blake Sheldon) and **Andrew Gold** (Linda Ronstadt). Producer and mentor **Steve Dorff** then took the vocals to Nashville for an April 22nd tracking session with some of that city's finest. (The rough mixes are amazing by all accounts.) The girls are scheduled to be back in LA on May 10th for two days recording final vocals. Very exciting! Check out the girls' website for photos, tunes and performance schedules.

In January Doug completed four commissioned compositions for the **National Geographic Channel**.

Doug is co-writing with several professional Nashville hit writers including **Dan Demay**, **Wil Nance**, and **Steve Dean**, among others. He also regularly writes with
